

## Our History of Service

Over the past decades, our members have done extensive research on zoonotic diseases, including vaccine development for COVID-19, performing groundbreaking research on HIV, malaria and a range of other diseases. More recently, institutions have taken up the challenge

## The Solution: Support for Veterinary Faculty

To avert a crisis in veterinary medical education, we seek a National Veterinary Faculty Training Grant (NVFTG) program in the amount of *\$50 million per year for five years. This would enable training of 500 future members of the national veterinary faculty at an annual cost of \$100,000 per training position. Note the following:*
